

BrightFish Reading for Kentucky Schools

Boost Reading 2.5+ levels in only 15 minutes a day!

Many students read below grade level – and it's a deficit that grows over time. **BrightFish Reading** is a research-based online program that helps students in grades 2-10 become independent readers.

Our unique, structured process deconstructs grade-level text to make it meaningful and accessible. Students become engaged readers with the skills to raise their academic achievement.

Why BrightFish Reading works:

- Skills mastery in ELA Standards: Fluency, Vocabulary, Comprehension.
- Engaging, age-appropriate text, video and instructional feedback.
- Single sign-on with CLEVER LMS and realtime reporting.
- Proven for use in supplemental classes, intensive reading, multi-tiered programs, special education, ESOL and more.
- Flexible model suitable for schoolwide reform and targeted models – results in just 15 minutes per day.

Hillsborough County Public Schools Adopts BrightFish Reading District-wide

-  **Goal:** Improve foundational reading skills in FSA Level 1s, Grades 6-10
-  **Implementation:** Minimum 30 minutes per week
-  **Access model:** Reading classes, labs, after school, home use

"BrightFish Reading is the perfect supplemental instructional resource for providing the necessary reading instruction based on students' individual needs. At middle and high school, we have students who have been struggling readers throughout their academic career. BrightFish provides age-appropriate personalized instruction focusing on foundational skills and building up to comprehension skills. We are excited to realize the potential of our students through the utilization of BrightFish."

Lory Reddel, Middle and Secondary Reading Supervisor, Hillsborough County Public Schools.

Age-appropriate, independent reading instruction

Thousands of students use **BrightFish Reading** every day to improve reading skills, confidence and academic achievement, including:

31 elementary, middle and high schools:
students with IEPs

Tougaloo College, MS

15 middle and high schools: after school
enrichment programs

Victor Valley Union High School District, CA

High school summer programs

Here's what schools are saying about BrightFish Reading:

"BrightFish Reading inspires me to read. Reading makes me a better person. Some of the stories have taught me information that I did not know, and it has increased my vocabulary a lot. I would like to thank the people who created the program. My year has been pretty great and fun!"

Jarred Wesley, 9th Grade student, Choctaw Central High School, MS (2019 BrightFish All-Star)

"At the start of the year, Abran lacked the confidence to work on BrightFish Reading independently. Abran continued to work on BrightFish at every opportunity and now he leads our class in BrightFish hours. He is always super excited to complete a book and receive the congratulations screen. He has shown an increase of four levels in his reading ability this year!"

Meghan Holmes, 4th Grade Reading Teacher, Spout Springs Elementary, Gainesville, GA

"Our students LOVED the program and were excited to earn certificates. As a teacher, I was impressed with the student interaction component of the program and the well-planned sequence of student learning activities. EVERY student that used BrightFish Reading during the summer reading program had a POSITIVE growth score."

Catherine Revels, NBCT Teacher/Instructional Technology Facilitator, Pamlico County Schools, NC

"BrightFish Reading challenges my students to work through the stories and show comprehension in different ways. My kids know that I expect to see growth in their comprehension scores – and now they have come to want that too."

Tony Ray, EL Reading 9th Grade Teacher, The New America School, Las Cruces, NM
